## ADDITIONAL QUESTIONS TO THE 'RIVER BASIN ORGANIZATION SURVEY"

1. No. of Countries th	at Share the Basın	: ZAMBEZI RIVER B	ASIN Ang	gola. Namibia,
Botswana, Zambia,	Zimbabwe, Mala	wi, Tanzania & Mozar	nbique	
2. Period (years) that	decentralization to	ok place; As far back	as 1954 as Feder	al Power Board
but only between to	wo countries Zamb	ia and Zimbabwe		
3. What are the main	objectives of the R	ABO (Flood Control, W	ater scarcity, Wa	ater conflicts, etc)
X Flood Control Water	scarcity Water	conflicts x 1-Other H	ydropower	2-Other
4. Measure success as question #3):	gainst objectives (s	cale 1-5, 1-0% success	and 5-100% such	cess) (refer to
X Flood Control 75% N	AWater scarcity	N/AWater conflicts	x 1-Other 75%	N/A2-Other
5. Cost of decentraliz	ation process (e.g.	creation of new institu	tions, etc):	
	1-low cost, 5	5-high cost		
Creation of new institution	s N/a			
1-Other ZAMCOM for	mation under discu	ussion for all 8 riparian	countries	3
2-Other	N/a			
3-Other	N/a			
4-Other	N/a			
7. What are the types of i		e basin (canals, reservo	irs, dams, water	treatment etc):
Types of Infrastructure	Quantity			
Canals				
Reservoirs	+10 large, several	large natural		
☐ Dams	+10 large, several	l medium/small		
Water Treatment	In several cities			
1-Other				
2-Other				

8. Share of types of	water. Percentage of users that use:
Groundwater only	N/A
Surface Water only	N/A
Both	N/A
Other	N/A
Other	N/A
	our basin's GDP? <b>Yes x No</b> rate the basin's yearly GDP (million \$ per year):
Year	GDP
	N/A
	N/A
	N/A
